## **Food Safety and Quality Policy**

At B&C International, quality is in the very fabric of our company, aligning with our purpose and values. We recognize that earning and enhancing trust is a daily commitment. Each product, every service we offer, and every interaction contributes to shaping and reinforcing this trust.

Our name signifies not just quality but a solemn promise – a commitment to product safety, authenticity, quality and legality, adherence to global standards, responsibility to our customers, environmental responsibility, and the highest quality standards with a steadfast stance against any form of fraud (substitution, adulteration etc.)

Embracing the B&C Management System for Food Safety and Quality, we ensure that our commitment is not just a statement but a verifiable reality, aligned with globally recognised standards (ISO, GFSI, Codex Alimentarius etc.) and independently verified by third-party certification bodies.

To assure trust, B&C is committed to:

### ***Ensure Food Safety, Full Compliance, and Highest Quality Standards***

At B&C International, we pledge an unwavering commitment to upholding the highest quality standards, food safety, product authenticity and full compliance with global standards, legislations, customer requirements. Our promise is not merely to meet regulations but to surpass them, ensuring the well-being of our consumers globally. With a zero-tolerance policy towards any form of food fraud, substitution and adulteration, each product bearing the B&C International label is a symbol of purity, integrity, and uncompromising quality.

### ***Commit to Continuous Improvement for Food Safety and Quality Culture***

At B&C International, we are dedicated to the continuous improvement of food safety and quality culture. Embracing a culture of ongoing enhancement, we actively seek opportunities to refine our processes, innovate our products, and exceed expectations. This commitment ensures that we maintain the highest standards in every aspect of our operations.

### ***Strive for Zero Environmental Harm for Future Generations***

With a vision towards the future, we pledge to operate with zero environmental harm. Our commitment extends beyond compliance to proactively minimize our environmental footprint, ensuring a sustainable legacy for generations to come and full compliance to environmental legislations.
